THE 5th

NEURO TACO

MEET-UP

We want to bring together researchers from the many neuroscience labs around Campus Johannstadt. We are looking forward to getting to know interesting people and exciting research projects from a wide range of neuroscience research areas.

The Institute of Anatomy will be our next host. Philipp Abe and his colleagues will delve into their fascinating research, exploring a range from neurodevelopment to brain tumor biology. Following their talk we will have time for discussion and networking.

Monday **19.08.24** 2.30PM CET

LOCATION: Auditorium, House19, DINZ
