THE 4<sup>th</sup>

# NEURO TACO

MEET-UP

---

We want to bring together researchers from the many neuroscience labs around Campus Johannstadt. We are looking forward to getting to know interesting people and exciting research projects from a wide range of neuroscience research areas.

The next meeting will be hosted by Andrés Köhler-Solís. Andrés is a postdoctoral researcher in neuroenergetics and neuronal metabolism in the laboratory of Stefanie Schirmeier, Department of Zoology and Animal Physiology. His talk will be followed by time for discussion and networking.
